

## **Art as Mission**

### **Fr. Cerezo Barredo, cmf.**

A man who has made visible the Gospel in Central American countries. His paintings can be found also in Europe and Asia. Painting is his way of preaching, bringing the Good News to the poor.

Most of his paintings are inspired by the Basic Christian Communities who draw from the Gospel the strength to grow as persons and believers and to establish God's Kingdom in our world.

Claretian Seminaries all over the world are somehow museums of his art works especially painting on Blessed Virgin Mary as Mother and Formator of future missionaries.

Mathew Vattamathan has prepared this video interview with Cerezo.
