

## Audio Recording of the New Testament in English

A MEDITATIVE READING slow enough to meditate and pray with the text.

We thank, PAUL GINIVAN an Australian friend, who spent months doing this recording and we are also pleased to offer it for free.

You can DOWNLOAD for FREE - complete books of the New Testament audio or just a chapter.

This Catholic Bible recording is done

in order to help the faithful

to love the Word of God better.

We owe this work to our friend

from Australia, Paul Ginivan .

We would appreciate a prayer

as he is battling a cancer.

Audio Recording of the New Testament in English Claretian Publications, Macau comes online with free audio recording of the New Testament (English) from our own Christian Community Bible.
